

# STAY AT HOME,

## IF

- you feel sick.
- you have been in a risk area.
- you have been in a country or area that shows an increased number of infections with the novel coronavirus (COVID-19).
- you have a confirmed case of infection with the novel coronavirus in your immediate, personal environment.

### When present at the HfK or elsewhere, act responsibly:

- Say “Hello” without touching.
- Avoid close body contact; keep a distance of 1 - 3 m.
- Wash your hands regularly with soap.
- Cough or sneeze with your face in the bend of your elbow or use a tissue.
- Keep yourself informed.

### Further information:

- Measures taken at the HfK: **Check your HfK Email account** and find further information on our website and the intranet.
- General information: World Health Organization, Robert Koch Institute.
