

	Description
Zoom H1	<ul style="list-style-type: none"> - Stereo X/Y mic configuration captures perfect stereo images - Same frequency and SPL handling as popular Zoom H2 - Records Broadcast WAV (BWF) at 96kHz/48kHz/44.1kHz at 16-bit or 24-bit - Records MP3 from 48 to 320kbps for maximum recording time - Hi-Speed USB 2.0 port
Zoom H5	<ul style="list-style-type: none"> - Uses a system of interchangeable input capsules - Detachable stereo X/Y capsule with shockmounted mics and extended signal capacity - Four tracks of simultaneous recording - Records directly to SD and SDHC cards up to 32GB - Up to 24-bit/96kHz audio in BWF-compliant WAV or a variety of MP3 formats - Two mic/line inputs with XLR/TRS combo connectors, each with selectable phantom power and -20dB pad - Requires just two standard AA alkaline or NiMH rechargeable batteries (over 15 hours of operation with alkaline batteries)
Zoom Q2n-4k	<ul style="list-style-type: none"> - 150° wide-angle lens (F2.8/15.2 mm) with 5 field of view (fov) - Records up to 4K/30P high definition video - High dynamic range (HDR) technology - 12 preset lighting scenes including "auto" smart selector - Built-in x/Y stereo microphones record up to 24-bit/96kHz
KRK RP8G4 Studio Monitor	<p>KRK's Rokit Generation 4 utilizes matching drivers made with Kevlar to ensure the same sonic integrity across all frequencies and minimizes listening fatigue. DSP-driven Room Tuning with 25 visual Graphic EQ settings helps minimize and correct problems in your acoustic environment. Works with the KRK App to set up your room for better monitoring and faster mixing. The custom-designed efficient Class D power amplifier drives the speakers evenly at reduced operating temperatures and improves audio integrity. The built-in Brick Wall Limiter automatically engages at maximum amp-level to maintain a balanced sound, protect the system, and offer better and wider dynamics. It features a low resonance enclosure for minimal distortion and colorization. A high density Iso-foam pad decouples the speaker from the surface to minimize vibration transmission for improved clarity.</p>
AKG K240 Studio Kopfhörer	<p>The AKG K240 Studio over-ear, semi-open headphones are designed for professional applications such as mixing, mastering and playback. Their advanced 30 mm XXL transducers with patented Varimotion diaphragms deliver a wide dynamic range, increased sensitivity and high sound levels, while their semi-open design provides a solid bass range and extremely clear highs. With impressive accuracy, musicians, producers and engineers rely on the AKG K240 Studio to clearly hear mixing details, which has made these headphones a standard in recording settings. In addition to great sound quality, the headphones are extremely durable and comfortable. Not only built to withstand the demands of countless hours in the studio, their self-adjusting headband provides an ideal fit and their over-ear pads nicely envelop the ears. The AKG K240 Studio headphones also feature a professional mini XLR connector and come with a 3 meter cable and convertible jack plug for connecting portable equipment easily. Altogether, from performance and ease of use to comfort and reliability, the AKG K240 Studio is a powerful tool for production environments.</p>
960 Headset Logitech	<ul style="list-style-type: none"> Adjustable over-the-head design USB cable for simple, plug-and-play connectivity In-line volume or mute controls Noise-canceling microphone

310 HD Webcams Logitech	<p>Max Resolution: 720p/30fps Focus type: fixed focus Lens type: plastic Built-in mic: Mono Diagonal field of view (dFoV): 60° Universal mounting clip fits laptops, LCD or monitors// Compatible with Windows® 7 or later macOS 10.10 or later Chrome OS™ USB - A port</p>
Vodafone Gigacube	<p>Der GigaCube ist ein schneller WLAN-Router, mit dem Du übers Mobilfunknetz ins Internet gehen kannst. Du kannst den Router überall in Deutschland nutzen. Dazu brauchst Du nur eine Mobilfunk-Verbindung von Vodafone, einen Stromanschluss und ein WLAN-fähiges Gerät zum Surfen. Also z.B. ein Smartphone, Tablet, Laptop oder einen Computer. Schon kannst Du lossurfen. Du brauchst keine Festnetz-Leitung. Daher kannst Du den Nutzungsstandort des GigaCube beliebig oft wechseln. Das Gerät ist nicht an eine feste Adresse gebunden. Eine Wechselgebühr fällt nicht an. <u>Die Hfk stellt 50GB pro Monat zur Verfügung.</u></p>
Macbook Air	MacBook Air 13" Gold mit Apple M1 Chip, 8gb mit 256 gb SSD
Dell	Dell Latitude 5410 - 14"
Dremel 4000 - High performance Multitool	<p>This kit includes the high performance 4000 Rotary Tool, with innovative features like the EZ Twist nose cap, electronic feedback, collet lock out function and an RPM bandwidth of 5.000 to 35.000. Additionally the kit includes the Sanding/Grinding Guide, Garden toll, cutting Guide and Flexshaft attachment, which is the ideal attachment for detailed work on hard to reach places. Next to the Flex Shaft attachment the kit includes 50 original Dremel accessories including EZ SpeedClic.</p>
